### Task 6

**Read the text.**

#### **An internet forum**

**Iliana**      **14th April 4.30 p.m.**

My parents always tell me my lifestyle is unhealthy. Mum says I eat too much fast food, but how much is too much? I go out with my friends twice a week, and we have pizzas, burgers and a coke. Where's the problem? That's what young people normally do! I have lots of fruit at home, I eat normal home cooking – I'm not a fussy eater like a vegan or anything! My dad says I should get more exercise, but he sits on the sofa all day watching the TV!

**Magda**      **14th April 4.50 p.m.**

You shouldn't worry about what your parents think! My parents are never happy with what I do, but you learn not to listen! Have you got any brothers or sisters with a food problem? I have a sister who doesn't like vegetables, fish or cheese. She only likes sausages, pasta and fruit! I think she should see a doctor! But my parents don't worry very much – they say it's just part of growing up!

**Petra**      **15th April 11.20 a.m.**

You two are lucky! Your parents know how to cook! They should send my parents to a cookery school! We get cabbage four times a week, and take-away meals the other days. When I want

some fruit, I have to buy it myself. My father's like Homer Simpson – he eats everything and anything, and then he wants some more! It's painful to watch him and I get a headache from listening to him! Maybe I should go and live with my grandparents – they always have good food!
