

LE PAST PERFECT

Le **past perfect** sert à signaler l'antériorité d'un événement situé dans le passé par rapport à un autre événement situé dans le passé. On attire l'attention sur l'ordre chronologique des 2 événements

1er événement : He carried out every experiment in the book	2eme événement : He built his own laboratory
On relie les 2 événements et on signale l'antériorité : When he had carried out every experiment in the book, he built his own laboratory	

1- La forme active, observe puis complète

mots de liaison

When he had left school his mother gave him a science book.
