A TRIP TO LONDON

Analise o texto abaixo e selecione qual informação é TRUE ou FALSE:

Sara and Danny are from Spain. They go to England for two weeks. They go in June and stay in a college with other students in Cambridge. It's really exciting because they meet students of different nationalities. They speak English every day. In the morning they study English with the other students. In the afternoon they visit different places or play different sports at the college They like sports! In the evening they are tired so they sometimes watched TV or play board games.The best days are Saturday and Sunday because they travel to London. The city is very big and they visit all the monuments like Big Ben, The London Eye and Buckingham Palace.They like everything in the city, but their favourite things are the museums, especially Madam Tussauds.

They also like parks because they can see squirrels and swans. They love animals! At the end of the two weeks, they are sad to return home.

Circle T (True) or F (False).
