A. you saw      B. did you see      C. you have seen      D. have you seen

**PART 3: READING***Read the text and answer the following questions*

Some high school students in United States take part in helping disadvantaged or handicapped children. They give care and comfort to them and help them to overcome their difficulties. Young college and university students participate in helping the people who have suffered badly in wars or natural disasters. During summer vacations, they volunteer to work in remote or mountainous areas to provide education for children.

Each city has a number of clubs where boys and girls can go to play games. Some of these clubs organize short trips to the mountains, beaches or other places of interest. Most of these clubs use a lot of high school and college students as volunteers because they are young enough to understand the problems of younger boys and girls. Volunteers believe that some of the happiest people in the world are those who help to bring happiness to the others.

20. **What** do high school students in United States do to help disadvantaged or handicapped children?

—> \_\_\_\_\_

21. **Who** do young college and university students participate in helping?

—> \_\_\_\_\_
