

ÁREAS Y PERÍMETROS

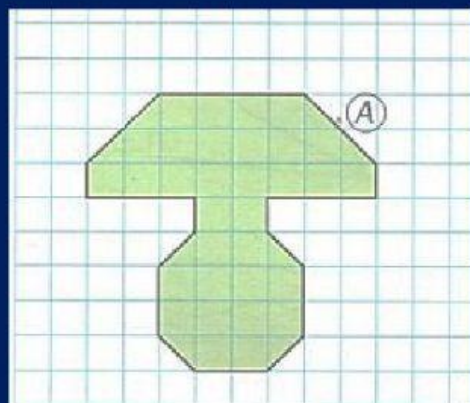

1. Cuenta los cuadritos y escribe el área de cada figura. (2 ptos. c/u)

The worksheet contains five figures made of unit squares, each with a corresponding 'Área' box for the student to write the area.

- Blue figure:** A shape made of 10 blue squares. It consists of a top row of 2 squares, a middle row of 3 squares, and a bottom row of 5 squares. The 'Área' box is to its left.
- Pink figure:** A 5x5 square made of 25 pink squares. The 'Área' box is above it.
- Orange figure:** A shape made of 15 orange squares. It consists of a vertical column of 5 squares, a horizontal row of 3 squares attached to the middle square, and another vertical column of 2 squares attached to the bottom square of the horizontal row. The 'Área' box is to its left.
- Green figure:** A shape made of 15 green squares. It consists of a top row of 4 squares, a middle row of 6 squares, and a bottom row of 2 squares. The 'Área' box is below it.
- Red figure:** A shape made of 18 red squares. It consists of a vertical column of 5 squares, a horizontal row of 3 squares attached to the top square, and another horizontal row of 3 squares attached to the bottom square. The 'Área' box is below it.

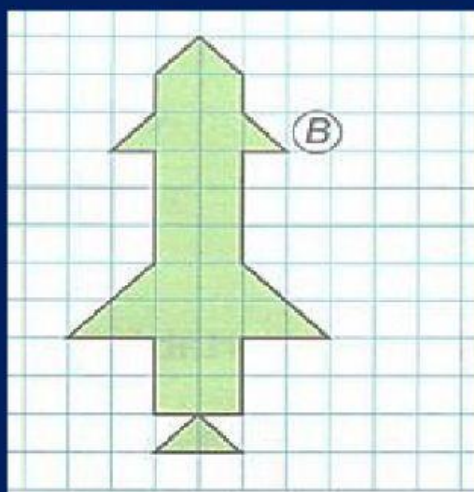

2. Cuenta los cuadraditos y medios cuadraditos de estas figuras y calcula su área.

(3 ptos c/u)

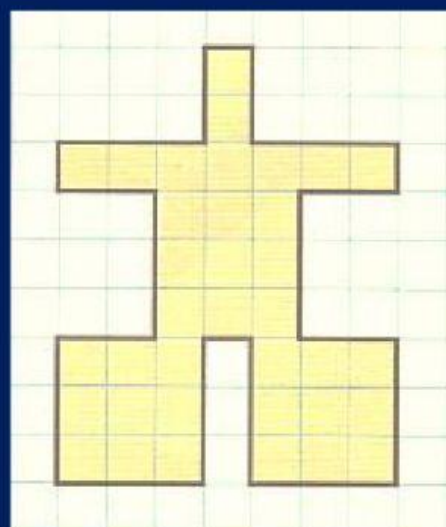

.....  y 

Área = 

.....  y 

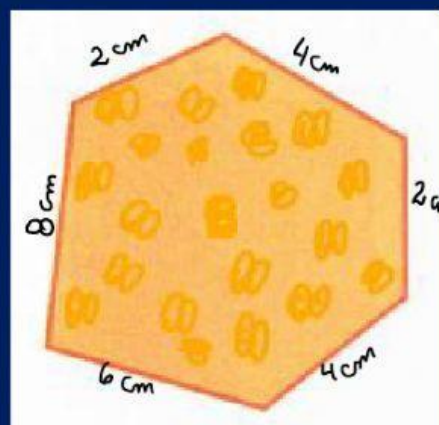

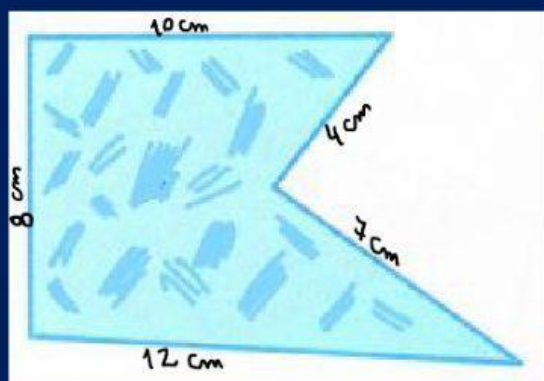

Área = 

.....  y 

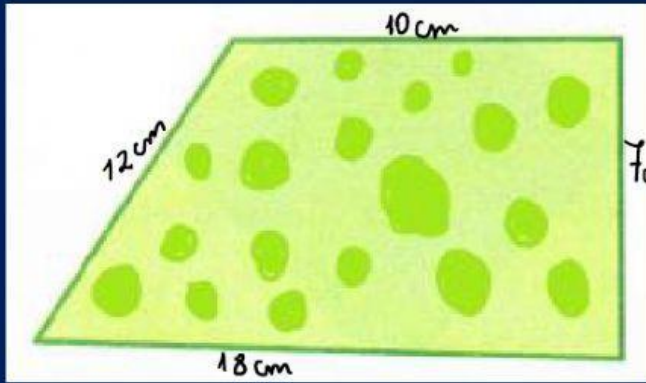

Área = 

3. calcula el perímetro de los siguientes polígonos. (2 ptos. c/u)

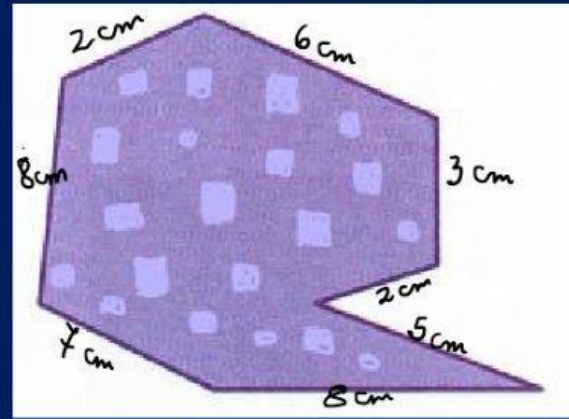

Perímetro: _____ cm.

Perímetro: _____ cm.

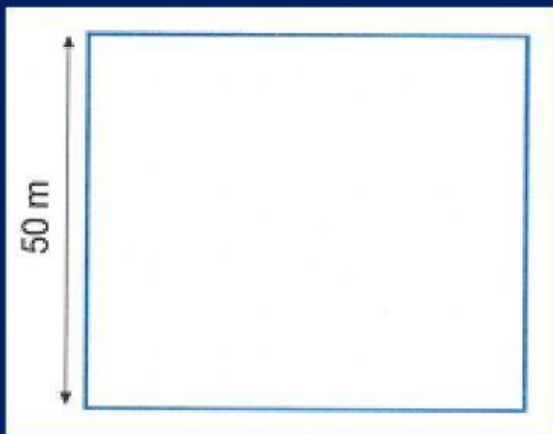

Perímetro: _____ cm.

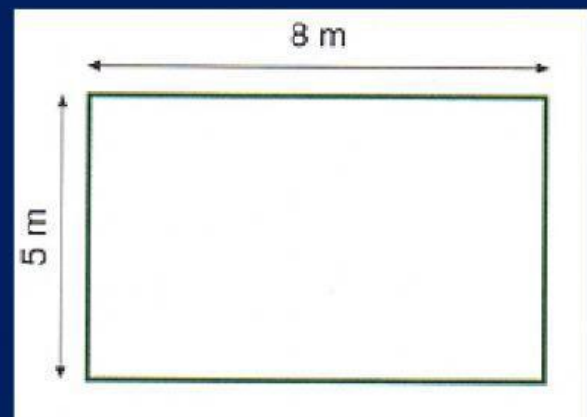

Perímetro: _____ cm.

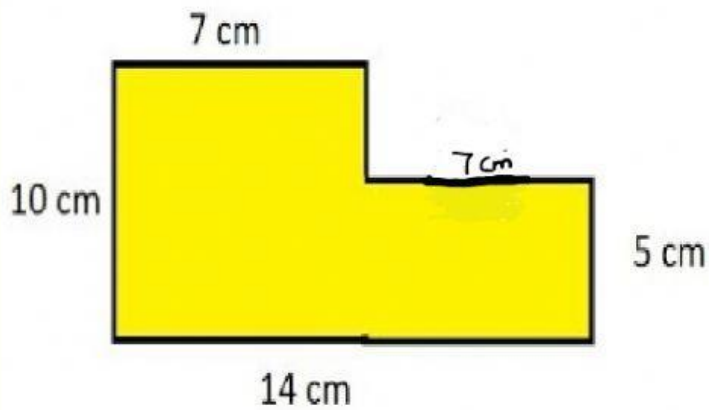

4. Calcula el área de las siguientes figuras. (4 ptos. c/u)

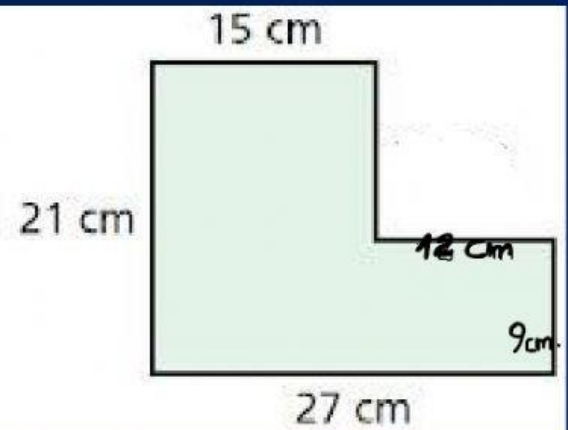

Área: _____ m²

Área: _____ m²

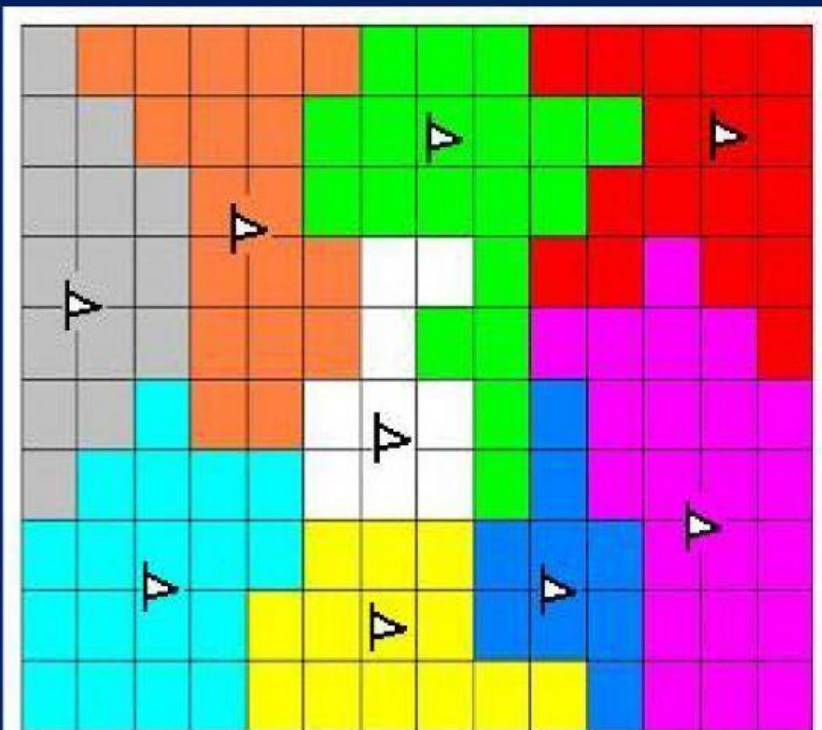

Área: _____ m²

Área: _____ m²

5. Observa la siguiente imagen y une los enunciados con la bandera correspondiente. (2 ptos. c/u)

Une con la bandera de mayor área.

Une con la bandera de menor área

¿Qué color/es tiene un área de 18 ?

¿Cuánto más área tiene el rosado que el azul?
