The pants became very popular immediately.

Later Mr. Strauss started making Jeans from cotton cloth from Nimes, France. People called this cloth denim. Denim was popular in the fifteenth century. Christopher Columbus used denim for the sails of his ship. Sailors in Genoa, Italy, wore denim pants. The word "Jeans" comes from the words "Genoa". Mr. Strauss made the first Jeans in the United States, but the idea and the kind of cloth came from Europe. The name came from France and Italy. Jeans were always blue until presently. People used indigo to dye them. Indigo is the oldest dye in the world. Most Jeans have blue threads going across and white threads going up and down. These two colors make denim look different from other kinds of cloth.
