Habilidades:

SEQUÊNCIA NUMÉRICA

1- Complete a sequência

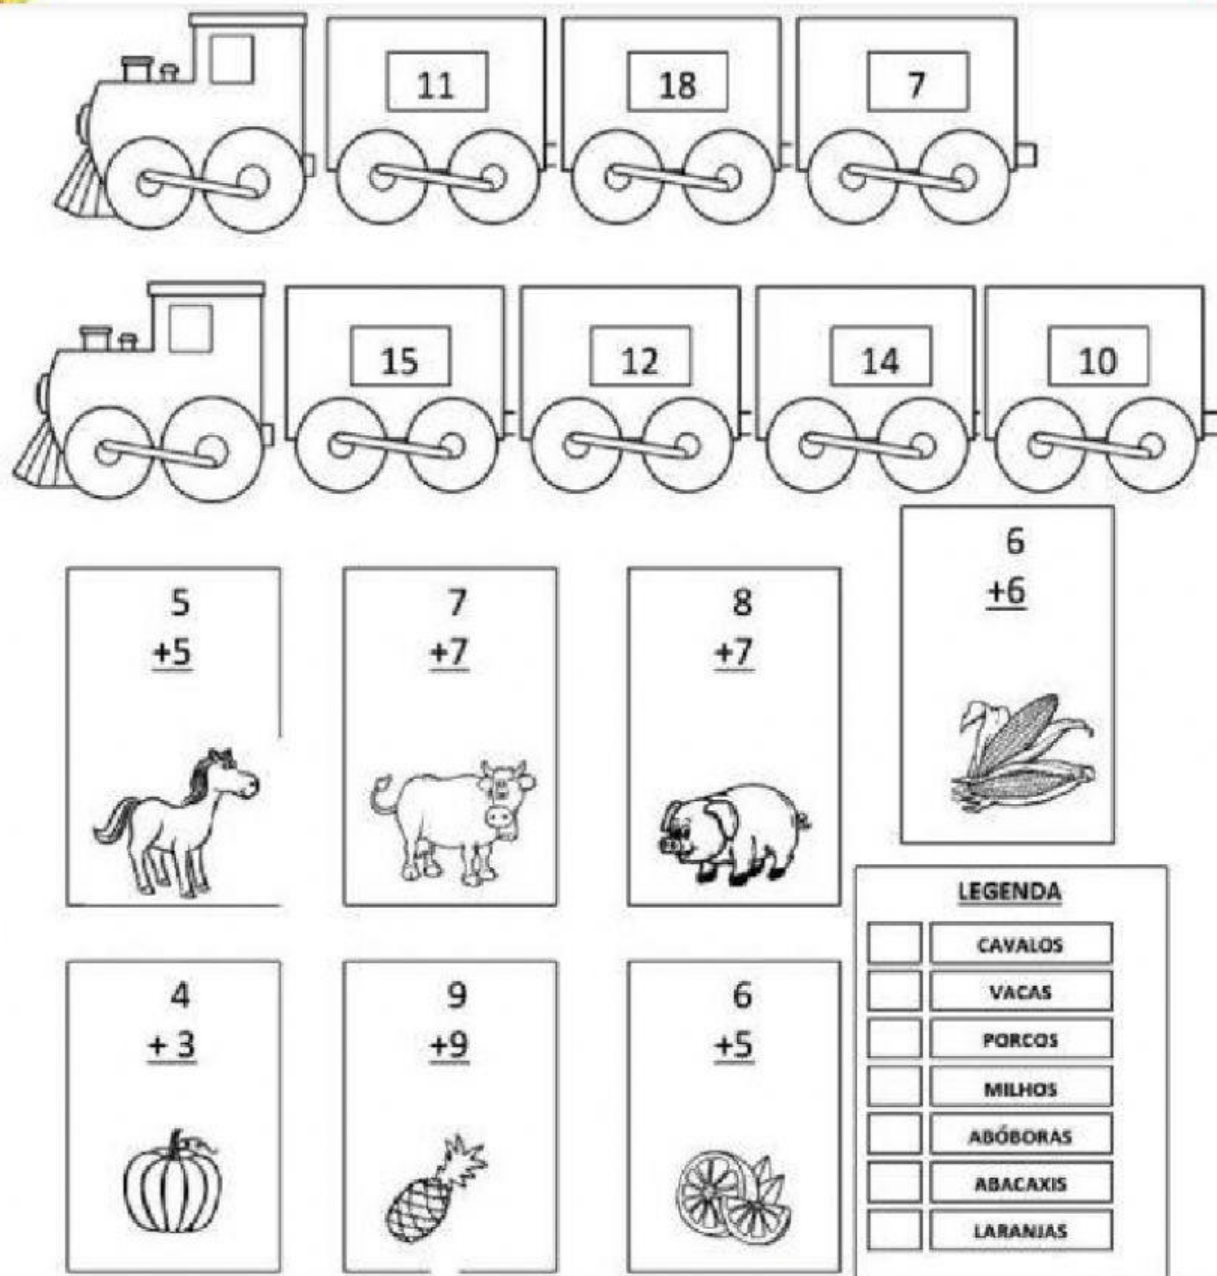

1									10
11									20
21									30
31									40
41									50

2- Escreva o número que vem antes e depois de cada número:

	14	
	9	

	30	
	19	

3- O trem abaixo carrega em cada vagão algo diferente. Faça as contas e descubra o que há em cada um dos vagões dos trem. Não esqueça de colocar o resultado na legenda.

The image shows two trains and seven boxes containing math problems and illustrations. The first train has three cars with numbers 11, 18, and 7. The second train has four cars with numbers 15, 12, 14, and 10. Below the trains are seven boxes, each with a math problem and an illustration. The first three boxes are arranged in two rows: the top row has boxes with 5 + 5 (horse), 7 + 7 (cow), and 8 + 7 (pig); the bottom row has boxes with 4 + 3 (pumpkin), 9 + 9 (pineapple), and 6 + 5 (orange slices). To the right of these boxes is a legend table with seven empty boxes for answers.

5 +5	7 +7	8 +7	6 +6
			
4 +3	9 +9	6 +5
