**Marti Benza: “My dog was stolen!”**

The event occurred last Monday night when the house members were asleep. The doors \_\_\_\_\_ . The lights \_\_\_\_\_ by Marti’s mother. The family went to sleep and the dog, Rebeca, \_\_\_\_\_ alone in the kitchen.

When they woke up, Rebeca was nowhere to be found! The family claims they heard her bark once, and when they got up, they found a rock on the kitchen floor that \_\_\_\_\_ to break the window. They looked for their dog everywhere but she was not in the house. Rebeca \_\_\_\_\_!

The following morning, hundreds of pamphlets \_\_\_\_\_ on the streets reading: “Rebeca \_\_\_\_\_! Please help her get back home safely!” Hundreds of Instagram stories \_\_\_\_\_ on social media platforms sharing the bad news to help the Benza family.

Fortunately, this morning we all woke up to good news: Rebeca \_\_\_\_\_ to the family by the police and the kidnappers \_\_\_\_\_. The thieves \_\_\_\_\_ at this very moment.
