GLOBALIZATION VOCABULARY

5 Complete the text with the correct words and phrases from the box. Use the Glossary on page 190 to help you.

goods	imported	multinational	outsourcing	produce
prosperity	purchase	supply chain	transport	

Globalization is positive. Thanks to advances in (1)_____, a wide range of (2)_____ can now be shared around the world. For example, fresh food can be (3)_____ from different countries via lorry, plane and ship. Although this makes the (4)_____ longer, with more people involved before the (5)_____ reaches the customer, there's an amazing variety of fruit and vegetables to choose from. Even if your country doesn't grow kiwis, you can (6)_____ them in supermarkets all year round! Companies are now (7)_____ ; Coca-Cola is an American company, but it has offices in Argentina, Japan and Spain. Globalization can bring a lot of (8)_____ to countries. The trend in (9)_____ – when a company gets services from an outside supplier – has been very beneficial for some countries. For example, India is a leader in supplying IT customer services for companies all over the world. Globalization is definitely making the world smaller!
