A BRILLIANT MIND

DID YOU
KNOW ?

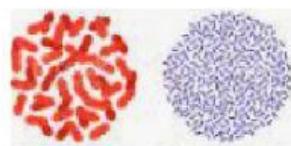

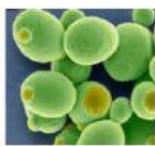

Riddles for kids as something that helps to improve their thinking ability and creativity, because it provides an

BEFORE START:

What is a Riddle: is a type of question that describes something in a difficult and confusing way and has a clever or funny answer, often asked as a game.

1. Read the sentences and complete with words from the picture word bank.

a. I am good, friendly and healthy bacteria. **What am I?**

b. It is a little creature, it can live outside your body and inside you too. **What am I?**

c. When I find a place good for me I like to multiply. **What am I?**

Miss. Lic. Diana TT

d. I live in a wet surfaces my favorite home is your bathroom, **What am I?**

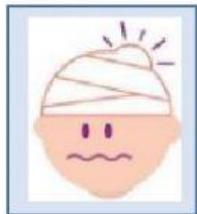

2. Listen and scramble the following fact about the excretory system.

Person 3000 Times Washroom About

Will Use The The Average In A Year

3. Now, in order to apply your knowledge, create and write your own riddles. There is an example to help you.

**It is like a Little hill
on your body that
you get from a hit.**
