Yoga originates in India and it is good for both your body and mind. Anyone can do yoga - women or men, adults or children. Special children's classes are devised to help them to cope with pressures they feel from their schoolwork. By learning how to co-ordinate breathing and movement, yoga helps them to develop body awareness, self-control, and flexibility. Taking up yoga also helps them to focus and become better with daily routines. Start doing yoga by setting aside a regular time for it. Go slowly, listen to your body and don't push it too far as yoga is not a competitive sport. Study each pose and practise it as you control your body and mind. Prepare well before each session: avoid tight clothing and a full stomach. An ideal time to do yoga is before breakfast.

- Where does yoga come from?

- Who can do yoga?

- Why should children do yoga too?

- Is an ideal time to do yoga before breakfast?

- How can you prepare for doing yoga?
