

It's aDecember night
The is so romantic
Under this blanket, there is room for two
We together watching "Home Alone"
For the hundredth time
Wow, it's so Christmassy
Everywhere I
And this gluhwein won't
Just itself
..... is lit up by candlelight
But all of this means so
to me
Compared to if you would be
Always here by my side 'cause
Every moment is like Christmas with you
I don't
What all this fuss is about
We don't have to do
I don't those boxes under the
tree
You are the only thing I need, because
