

How to... Wash your hands

Help protect
yourself and
others in only
15
seconds

Put the pictures in the correct order. Then put the sentences under the correct picture.

Step 1		Step 2		Step 3	
Step 4		Step 5		Step 6	

Wet your hands with warm running water.

Rinse well under warm running water.

Turn off the water with a paper towel.

Rub on regular soap and lather well for at least 15 seconds.

Dry your hands with a clean towel.

Wash all areas of your hands and wrists.
