

Unit 3: Secrets of the dark

Lesson 1: Vocabulary

Read and choose the correct word.

During the summer vacations, I wake early in the morning before **sunrise** to help my mother with the house chores. It would still be [1] **daylight/dark**, but the whole house is soon [2] **daylight/lit up** with the warmth of the sun. I then help to prepare breakfast. I stay [3] **active/tired** all day, by having a big healthy breakfast.

Later, we make lunch and clean up. I take a break and watch TV. Then, at the time of [4] **sunset/sunrise** the whole house is filled with [5] **darkness/light**, so we have to turn the lights on.

Finally, we are so tired after a long day, so we [6] **go to play/ go to sleep**.
