Diggory knew how to get out. He opened a secret door.

The room was the famous butterfly room of Queen Hetepheres.

The box was full of striped insects, so Brutus dropped it.

Diggory jumped into the snake bowl to save Emily.

At the foot of the ladder there was a big room full of butterflies.

Thousands of butterflies flew off the walls to protect their young.

When Diggory and Emily were looking at the butterflies, Brutus opened a box.

Then he put his belt round the snake's mouth so it couldn't bite them.

There was a ladder under the door. They climbed slowly and carefully down it.
