# Pleasant sounds and noises

Miss Fati

**Read and listen:**

waves on the beach

We hear different sounds every day. Some sounds are made by humans and some by nature. Some sounds are pleasant. Waves on the beach and birds singing are **pleasant sounds.** Some sounds are unpleasant. Traffic is an unpleasant sound. Unpleasant sounds are **noises**. We can't see sounds or noises, but we can hear them.

birds singing

traffic

We can make pleasant sounds and noises by strumming and striking objects. We can **strum** instruments like guitars and we can **strike** instruments like drums with our <u>hands</u> or <u>sticks.</u> When we strum a guitar softly, it makes a pleasant sound. If we strike a drum hard, it makes a loud noise.

Strum a guitar

Strike drums

Choose the correct option:

1– It's a pleasant sound:

A) traffic b)birds singing

2– What is a noise?

A) an unpleasant sound b)music

Put the images in the right column according their sounds
