- g. _____ of the planet.
- h. _____ the plastic bags or your old clothes.

3. Read the text and underline the verbs from exercise 1 that appear. / Lee el texto y subraya los verbos del ejercicio 1 que aparezcan.

REDUCE, REUSE, RECYCLE

There are 3 ways to make the Earth a greener place: Reduce, reuse and recycle. When people reduce, it means they are using less of something. This means less waste. Turning off the water when we brush our teeth is a way of reducing. We don't waste water by doing this. Reusing is to use the things we already have again. We can use re-usable shopping bags made of cloth instead of plastic bags when we go to a supermarket. Using both sides of the paper is also a way of reusing.

Finally, we can recycle. Recycling is to create new materials from old ones. Materials like paper, plastic and metal can be recycled. You can recycle the things like newspapers, soda cans, plastic containers and magazines.

If we want to live in a green and clean world, we must take care of our world.

4. Answer the following questions with the previous text. / Responde las preguntas con el texto anterior

<p>1. What is the meaning of REDUCE?</p> <p>a) to make new b) to use less c) to use again</p>	<p>2. We reduce water by...</p> <p>a) Watering the flowers b) Playing with water c) Turning off the water when we brush our teeth</p>
<p>3. What is the meaning of REUSE?</p> <p>a) to make new b) to use less c) to use again</p>	<p>4. We reuse paper by...</p> <p>a) Using both sides b) Creating paper planes c) Using one side and throw it</p>
