

PORTRAITS

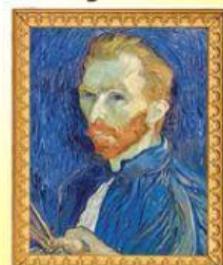

A PROFILE PORTRAIT

This portrait is by the **French painter Renoir**. It's a profile portrait. We can see one side of the woman's head. Renoir's portraits have got lots of light and colour.

A SELF-PORTRAIT

When you paint or draw a picture of yourself, it's called a self-portrait. This is a self-portrait by **Dutch painter Van Gogh**. There are 35 self-portraits by Van Gogh.

AN ABSTRACT PORTRAIT

This is a portrait of a woman by the **Spanish artist Picasso**. It's an abstract portrait.

Abstract portraits do not look like a real person. The colours and the face are not realistic.

A REALISTIC PORTRAIT

This portrait of a girl with her dog is by the **American artist Sargent**. Realistic portraits look like a person and the colors are realistic.
