

Nombre: _____

Fecha: _____ Nota: _____

Capacidad: Razonamiento lógico.

Destreza: Calcular.

Contenido: Sustracciones con canje.

Calcular sustracciones con canje, registrando el resultado en los espacios correspondientes a las unidades y decenas, con autonomía.

-

D	U
6	2
2	8

Red arrows indicate borrowing from the tens column (D) to the ones column (U). The tens column starts at 6 and becomes 2. The ones column starts at 2 and becomes 8.

-

D	U
3	3
2	9

Red arrows indicate borrowing from the tens column (D) to the ones column (U). The tens column starts at 3 and becomes 2. The ones column starts at 3 and becomes 9.

-

D	U
2	7
	8

Red arrows indicate borrowing from the tens column (D) to the ones column (U). The tens column starts at 2 and becomes 1. The ones column starts at 7 and becomes 8.

-

D	U
5	1
1	3

Red arrows indicate borrowing from the tens column (D) to the ones column (U). The tens column starts at 5 and becomes 4. The ones column starts at 1 and becomes 3.

-

D	U
7	5
4	7

Red arrows indicate a clockwise cycle: from the D of the first row to the U of the second row, then to the 5, then back to the D of the first row.

-

D	U
4	4
2	8

Red arrows indicate a clockwise cycle: from the D of the first row to the U of the second row, then to the 4, then back to the D of the first row.

-

D	U
9	0
7	2

Red arrows indicate a clockwise cycle: from the D of the first row to the U of the second row, then to the 0, then back to the D of the first row.
