

Unit 2

Festivals

THE EDINBURGH FESTIVAL Fringe

- A** The Edinburgh Festival Fringe is the largest arts **festival** in the world. It takes place every August for three weeks in Edinburgh, Scotland's capital city.
- B** Every year thousands of **shows** take place and there is something for everyone. There are very **famous** performers in the world of entertainment and unknown artists just starting their careers. Shows include theatre, comedy, dance, music, exhibitions and events.
- C** The festival started in 1947, when eight uninvited theatre groups arrived to **perform** at the Edinburgh International Festival. Not being part of the official programme of the International festival didn't stop these performers – they just did their shows anyway. Every year more and more performers came and in 1959 the Festival Fringe Society started.
- D** The Society became formal and printed its own **programme** and sold tickets. The society lets anyone perform and doesn't check events before they start. Today it is the same – anyone with a story to tell and a place to perform can come.
