Unit 3- Music in our world

Dear Diary,

What an amazing night! Before the talent show, my friend Malik was really scared and [1] ..... He was still practicing his [2] ..... at 7:15, and I was helping him [3]..... At the backstage, the [4]..... gave instructions and told actors how to play their parts. The [5]..... was preparing the [6]..... for actors and actresses to wear. They were also preparing for the [7]..... to be ready. When the [8]..... was pulled up, the [9]..... was excited and cheered up the atmosphere.

Then, he went on stage at 7:30! His sister and his parents were sitting near the stage, but Malik wasn't looking at all. He was just acting and doing his best. The audience was clapping and shouting the whole time! After the show, [10] ..... was taking pictures of Malik. He was tired but happy. I enjoyed his [11]..... My friend's a star!
