Listen. Match each speaker to his or her words. Write the name on the line.

1. **S1:** My name's Tom, and you can look up my blog page on any search app. It's called Tom's Gadget Blog, and I hope you'll find it useful. There are games to share, reviews of the best Wi-Fi gadgets, tablets, smartphones, and instructions on how to connect them all together!

2. **S2:** Hi, I'm Vijaya, that's v--i--j--a--y--a. When I send a text message on my smartphone I just write V, not v--i--j--a--y--a all the time. It's faster to just type the letter *V*. I love using my mobile apps to talk to my friends.

3. **S3:** My mom is incredible. She sends me a text message to ask me tget off the Internet! We live in the same house and she prefers to use her mobile phone instead of coming to talk to me in my room. Oh, here's one now, she says: "Hi Rose, no o more Internet today! OK?"

4. **S4:** Please leave a message after the tone.

S5: Hi, Pablo here, yeah, it's me, *ummm*, Pablo *mmm*. Hey, is it possible to chat later today? I can't figure out how to send that picture on my new tablet–do you know the best app to share photos over the Internet? Maybe my Wi-Fi is too slow? Let's chat when you can. Bye.
