Do you know how to play chess? I do.
I learned how to play chess last year.
Now I play chess a lot.
I know the rules, but I'm still learning how to play the game well.
This is called "strategy."
Learning strategy helps you know how to win the game.
Chess is easy to learn to play, but it's hard to win.
That is why I'm learning how to use strategy when I play chess.
