

You should spend about 20 minutes on this task.

The line graph below shows past and current overweight rates, as well as a projected future overweight rate in nine selected countries.

Summarise the information by selecting and reporting the main features, and make comparisons where relevant.

Write at least 150 words.

Task 2:

Schools have the social responsibility to discourage children from eating junk food. Others think it is the parent's responsibility. Discuss both views and give your opinion.
