usually

Long ago, the craftsmen took a long time to carve chests. They worked

_____ day and night. These antique chests had _____

carved lids, sides and legs. They are decorated with nature motifs such as exotic

flowers and animals. Some of these chests were made without using any nails. The

craftsmen were good at fitting the parts of the chests _____ and

_____.

Nowadays, chests are _____ mass produced. Even though the

factory workers work _____ to meet schedules but they make sure

the tasks are done well. Once the chests are made, they are packed

_____. Then they are sent _____ to the furniture

shops around the country.

However, antique chests are still _____ popular and have captured

the hearts of many antique collectors and other people.
