Choose the correct answer.

If this theory about parallel universes (**1**) ..... correct, it (**2**) ..... that we're living in more than one universe at the same time. But if that (**3**) ..... true – if I was doing different things in different universes – (**4**) ..... about it. And if I (**5**) ..... about it, how could it be me doing these things? If I (**6**) ..... the lottery last year in a parallel universe, and decided to sail round the world, how is that 'me'? It doesn't make sense!

And another thing. If I do something, it (**7**) ..... consequences. For example, if I (**8**) ..... study, I might not pass my exams. I can't start thinking about different universes where the consequences are different. If I just (**9**) ..... about the universe I actually live in, then I'm sure (**10**) ..... okay!
