

Directions: Write number 1 -11 in the correct order.

.....1..... Last Friday was a holiday. It was Independence Day.

..... When we got back to our picnic table, I read books and Larry drew some pictures.

..... During afternoon, we also did many things.

..... So, I didn't have to go to class. Around ten my friend Larry came over to my house.

..... First, we took a long walk.

..... All in all, it was a very enjoyable day.

..... Later we played a game of chess. Larry won the first game, but I won the second one.

..... The fireworks were beautiful.

..... In the evening, we joined a huge crowd to watch a fireworks display.

..... Then he taught me how to play a new game with dice.

..... When the display was over, we left.
