

# ANYONE

I tried to \_\_\_\_\_ to my piano

I tried to talk to my guitar  
imagination / Talked / my / to

Confided into alcohol

I tried and tried and tried some more  
sore / Told / 'til / was / secrets / voice / my /

Tired of empty conversation

'Cause no one \_\_\_\_\_ me anymore

A \_\_\_\_\_ million stories

And a hundred million songs

I \_\_\_\_\_ I stupid when I \_\_\_\_\_

Nobody's \_\_\_\_\_ to me

Nobody's listening

I \_\_\_\_\_ to shooting stars

But they \_\_\_\_\_ get it wrong

I feel stupid when I pray

So, why \_\_\_\_\_ I \_\_\_\_\_ anyway?

If nobody's listening

Anyone, please \_\_\_\_\_ me anyone

Lord, \_\_\_\_\_ there anyone?

I \_\_\_\_\_ someone, oh

Anyone, please send me anyone

Lord, is there anyone?

I need someone

I used to crave the world's attention

times / too / I / cried / I / many / think

I just need some more affection

Anything to get me by
