DIRECCIÓN DE EDUCACIÓN SECUNDARIA

LIVEWORKSHEETS

LET'S CREATE!

La Organización Mundial de la Salud (OMS o World Health Organization, WHO) promueve la campaña "Healthy at home" para que la gente mejore sus hábitos durante el periodo de confinamiento. La falta de actividad física y una inadecuada alimentación pueden causar diversas enfermedades, como obesidad, diabetes, cáncer, entre otras. Por ello, se lanza esta campaña para crear conciencia sobre la importancia de realizar actividades físicas y tener hábitos alimenticios saludables, #HealthyAtHome.

Tu reto: elaborar recomendaciones en inglés para promover la actividad física y los buenos hábitos alimenticios de otros adolescentes como tú a partir de la información obtenida en un cuestionario.

Desarrolla las actividades 1, 2 y 3. Te ayudarán a enfrentar tu reto.

Label the pictures with the WHO recommendations:

Eat moderate amounts of fats and oils	-	Take healthy walks
Drink enough water	-	Stay active
Limit sugar diet	-	Eat a variety of vegetables and fruits
		Try exercise classes online
