Light and _____ are two things we don't often think about. This is because we can have light any time at night. Thanks to electric lights, we're able to do what we need to at night. We _____ because we're tired, not just because it's _____. 'Having all this energy to be able to have light at night is a really new thing for humans,' says scientist David Gruber. Until the 19th century, people didn't have lights like we do today. The light of day came from the sun, as it does now. But at night, only the light of the moon and the stars _____ the sky. People got up at _____ and were _____ all day. Then, after _____, they went to bed.
