

# Drawing Conclusions: in the kitchen

1 Julie Looked at the piece of paper. "I need one cup of flour, one cup of sugar, one stick of butter, a cup of milk, and a can of peaches. This will be yummy for dessert tonight!"

**You can guess that Julie is making...**

- |                           |                  |
|---------------------------|------------------|
| a) apple pie              | b) peach cobbler |
| c) chocolate chip cookies | d) brownies      |

2 Jessica was preparing dinner when she cried, "Oh No! I'm out of hamburger meat. I have just enough time to run out before my guests arrive."

**You can guess that Jessica will...**

- |                            |                         |
|----------------------------|-------------------------|
| a) go to the fruit stand   | b) go to the drug store |
| c) go to the grocery store | d) go to the mall       |

3 Joe checked to make sure he had everything he needed to make homemade spaghetti sauce. He pulled items out of the cabinets and put them on the counter.

**You can guess that Joe was...**

- |                          |                              |
|--------------------------|------------------------------|
| a) following a recipe    | b) cleaning out his cabinets |
| c) making a grocery list | d) donating cans to charity  |

4 "I need more apples, a dozen eggs, and a box of pasta. That should be it!" Stephanie grabbed her piece of paper and headed out the door.

**You can guess that Stephanie was...**

- |                           |                          |
|---------------------------|--------------------------|
| a) going clothes shopping | b) making a grocery list |
| c) mailing a letter       | d) coming home from work |

## Extend the lesson:

- If you could go grocery shopping, what would you buy? Write your grocery list.
- Plan a menu for a meal. Pancakes for breakfast? Hamburgers for dinner? You can decide!
