Burnt food dance barefoot loud music flames barbecue Birthday Card

Zoe and Noah went to the party. There were a lot of people. The music was really loud and the flames in the barbecue were really high. Zoe saw all this and she changed her mind. She thought it wasn't a good idea to stay. Noah didn't want to go back home. He decided to stay.

Tansim was at the party. She said that the sausages were burnt but that she found some chicken in the fridge. She asked Noah to help cook the chicken. Zoe thought that it wasn't a good idea to take the liberty of using the chicken . Perhaps it was for the family. Tansim thought that Zoe had the habit of worrying easily but Zoe decided to leave and go back to her home.

At the party everything that could go wrong went wrong. Noah cooked the chicken and everybody ate it but it was the the Cole family' s Sunday lunch. Lucas was angry with Noah. The second problem was the big flames from the fire. The flames burnt a plant that was very expensive. As if this were not enough, Tamsin took her shoes off and danced barefoot but she hurt her foot with a broken glass and her mother took her to hospital. Tansim' s mother called Lucas' s family from the hospital. The Coles decided to come back home earlier and were angry to see the mess in the garden. The asked everybody to leave.

Noah is sorry about what happened. He wrote a postcard to the Cole family to apologize. He is also going to buy a plant for Lucas' s mother.
