Listen and order the verses. 

I'm reading all my e-mails,  
As I float around in space,  
My friends on Earth miss me.  
But I love it here. It's great!

So don't be shy, look up at the sky!  
Wave to me as my spaceship sails by,  
I'm a space man! I'm the space man!

Can you see me flying high in the sky?  
Can you see my face up here in space?  
I'm a space man! I'm the space man!

I'm staying up here on my longest flight,  
Eighty-eight days and eighty-eight nights.  
I'm a space man! I'm the space man!
