Actually, I don't have much free time in my life since I'm an employer and a student at the same time. So, I'm always trying to strike a balance between my studies and my work, but if I have some free time I usually love entertaining myself by either watching movies, listening to music or going on a trip.

I love watching television on my free time, but what I love more is watching movies. In fact, I like almost all genres of movies such as romance, comedy, classic except horror movies because this kind of movie makes me nervous and tense. Also, I enjoy watching shows and series such as *Opera*, *Doctor Phil* and *Lost* the series.

In addition, I enjoy listening to music it makes me feel comfortable and relaxed. I don't prefer a particular kind of music, **it** depends on the singers. Sometimes, I enjoy listening to rock music and sometimes classic music, it depends on my mood. Yet, I am really a fan of Brian Adams, Back Street Boys, Rihanna and Chris Brown.

Finally, what I like to do in my spare time is going on a trip. There are many places in my country which I prefer visiting the most such as forests and mountains. They are my favorite places because everything there is calm. Moreover, I could practice my best hobby. I draw landscape scenes, animals, birds and everything which attracts my attention.

In conclusion, I miss having free time because I'm always busy and have many duties to fulfill. Therefore, whenever I have some free time I love indulging myself with these activities.
