3) Read the text about two friends creating a new social networking site. Then, complete it with the correct form of possessive adjectives and pronouns

_____(1) name is Robert and with _____(2) friend mike, we want to create _____(3) own social networking site or app with ideas that are not _____(4). There are many OTHER sites so, we will use some of _____(5)best ideas. First, it will include a photos section where a girl can upload _____(6) best photos and a boy can post _____(7) best ones. Second, we will create different small groups where everyone can share _____(8) pictures or people can create _____(9) own private clouds. _____(10) idea is to create a love part, where people can react only with their love emoji and _____(11) idea is to add a wall where we can confess our love to someone in secret. It is similar to a love app, but only with _____(12)good intentions and not accepting hate comment. An idea with hate is not _____(13). In the end, someone will ask, whose wonderful app is this? And people will say "it is _____" looking at us.
