

Galapagos Islands

There are lots of exciting things to do in the Galapagos Islands. My class had a vote and here are our top three favourites!

TOP THREE ATTRACTIONS

1 Visit a giant tortoise reserve

Do you know that a giant tortoise is the same size as a bath? It can also weigh over 200kg and live for more than 100 years. If you want to get close to these amazing creatures, then this is the activity for you.

2 Go sea kayaking

Explore the Galapagos Islands in a sea kayak. If you're lucky, you'll see sea lions, iguanas and tropical penguins swimming near the shore.

3 Hike up a volcano

Have you ever wanted to climb to the top of a volcano? In this six-hour hike, you'll walk over lava fields and around the volcano's crater. The views from the top are breathtaking, but take plenty of water!
