

Passive Voice

Fill in the notes

* In passive voice we change the order of the elements in the sentence. We do not start with the people who do the actions. In the following sentences mark the words that will start the new passive sentences.

She never reads the newspapers. They played basketball all day yesterday.

I have just eaten a cake. We will bring the flowers to the party.

* To make passive we need 2 elements. Pick from the ones below:

To have	To be	To go	Do	Did	Done
			1 st verb form	2 nd verb form	3 rd verb form

* The verb 'to be' must be in the same tense as the previous sentence.

* In continuous tenses we add 'being' to the other two elements. Put them in order:

DONE	TO BE	BEING	_____
------	-------	-------	-------

2. Create full passive form for the following tenses:

Present simple	Past Simple	Present Perfect
Present Continuous	Past Continuous	Future Simple

3. Transform the following sentences into passive:

He often washes the dishes in the evening.

They are doing their homework now.

We watched a great movie last night.

He has just cut his hair.

I was reading a book when he came.

She will read this story next Monday.
