TAREA EVALUABLE

MY FAMILY

Hello! My name is Nancy, I´m ten years old. I live with my family in Manchester, Manchester is in the North of England. It is a small town, it is very famous because in Manchester there are two very important football teams, they are Manchester United and Manchester City. I love playing football with my father and my brother Albert. On Saturdays we go to the park and play football together. My mother doesn´t like sports, she loves dancing, she is a dance teacher. She works in a theatre. She gets up early in the morning, first, she prepares breakfast for the family and then she takes my little brother to the kindergarten. My father works in a shoe shop. The shop is very big, it is full of different shoes for men and women. My grandparents live near my house, on Sundays they come home to have lunch and watch TV. My grandparents love painting. There are many pictures at home. One of my favourite pictures is a house near a lake.
