THE SNOW WHITE AND THE SEVEN DWARFS

Once upon a time, there was a queen. She named her daughter Snow White because her skin was so fair and lovely. After the queen died, Snow White's father married a new wife. The new queen was evil. Every morning she stood in front of the mirror and said "Mirror, mirror on the wall, who is the fairest one of all?" The mirror always answered, "Snow White is the fairest one of all".

The evil queen ordered a servant to take Snow White to the forest and killed her. The servant, feeling sorry for Snow White, let her go. Snow White, alone and hungry in the forest, came across a small cottage of seven dwarfs. When the dwarfs came back from work they found Snow White. From then on Snow White lived with the dwarfs.

They all lived happily until one day when the queen knew that Snow White was still alive. Then the queen went to the cottage while the dwarfs were at work. She gave Snow White a poisoned red apple.
