III. Reading

1. Read the text and answer the questions. (2.5p)

How can we keep our teeth healthy? First, we ought to visit our dentist twice a year. He can fill the small holes in our teeth before they destroy the teeth. He can examine our teeth to check that they are growing in the right way. Unfortunately, many people wait until they have toothache before they see a dentist.

Secondly, we should brush our teeth with a toothbrush and fluoride toothpaste at least twice a day once after breakfast and once before we go to bed. We can also use wooden toothpicks to clean between our teeth after a meal.

Thirdly, we should eat food that is good for our teeth and our body: milk, cheese, fish, brown bread, potatoes, red rice, raw vegetables and fresh fruit. Chocolate, sweets, biscuits and cakes are bad, especially when we eat them between meals. They are harmful because they stick to our teeth and cause decay.

a- How often should we visit the dentist?

.....

b- How often should we clean our teeth?

.....

c- Should we eat chocolate, sweets, biscuits and cakes are bad between meals?

.....

d- Write down 3 kinds of food that is good for your health

3. Read the passage carefully, and mark the sentences True or False

VOLUNTEER STORY

It has been a pleasure to do voluntary work as my hobby. Also, I find it easy to do. I decided to work with patients at home. They need to live normally again. They feel lonely and want to have a chat with someone. They also want to go out with someone, perhaps to do some shopping or just to get some fresh air. It has been great meeting new people in this way. However, it can be difficult to say goodbye to them when it all comes to an end.

I am glad to do voluntary work in this way, and there is something for everyone. I think more people of all ages should do voluntary work if they have free time. Younger people will find volunteering satisfying and fun.

1. Voluntary work is the writer's hobby
2. He finds voluntary work unpleasant.
3. He volunteered to look after patients in hospital.
4. Patients at home feel lonely because no one talks to them.
