The Mudskipper - An Amazing Fish

The mudskipper is an amazing fish. It can live in the water and also on land. Mudskippers are small and have big eyes. They don't have legs, but they can use their fins to walk on dry land to find food. They usually eat small animals from the water. They can't run or fly but they can jump out of the water and climb trees. Some people think that mudskippers are interesting so they keep them as pets.
