I would need a million -----
If I tried to define
All the ----- you mean to me, yeah
For you I'd die a thousand -----
Special kind of energy
'Cause love is born when hearts collide
----- time you touch me
You remind me that I'm still alive
So promise you'll ----- change
And I'll ----- be the same
We'll be dancing the same groove
When we're ninety-two, the same as

And I'll never lie to you
Just don't you hold ----- on me
I wanna love you as -----
When we're ninety-two, the same as
seventeen
I don't really know what's right
But I can ----- you wrong
I just wanna dance with you
Floating over marble -----
You're something like an angel
You do ----- to my mind
I can see a thousand years
When I'm looking in -----

So ----- you'll never change
And I'll always be the same
We'll be dancing the same groove
When we're ninety-two, ----- as
seventeen
And I'll never lie to you
----- don't you hold back on me
I wanna ----- as strong
When we're ninety-two, the same as
seventeen
Just promise you'll never change
And I'll always be the same
We'll be ----- the same groove
When we're ninety-two, the same as
seventeen
And I'll never lie to you
Just don't you hold back on me
I ----- love you as strong
When we're ninety-two, the same as
seventeen
