**QUESTION :** Remember a time when you forgot something important. End your story with, *"...that I would not be forgetful again."*

I am a \_\_\_\_\_ person. I always forget my things when travelling. I guess I never took it seriously. It has reached the point where it has become more than just a minor problem in my life. I could \_\_\_\_\_ it on my father because he is a forgetful person too.

I had a black jacket once. It was \_\_\_\_\_ and felt very \_\_\_\_\_ with lots of pockets. I loved to travel with my black jacket.

Last year, I was in Changi Airport for five hours, and I felt \_\_\_\_\_. I decided to \_\_\_\_\_ as many places as possible within the five hours. While walking, I found a nice \_\_\_\_\_ nearby and decided to have a drink.

After a few hours of \_\_\_\_\_ at the cafe, I made some new friends. Then, it was time to board my flight. Suddenly, I realised that my favourite jacket was missing. I thought that I must have left it somewhere in the airport. I searched all over, but I could not find it. I was sad as it was my favourite jacket. I \_\_\_\_\_ that I would not be forgetful again.
