

SUMAS DE 3 NÚMEROS (1 cifra)

1 La cometa va encontrando diferentes números en su vuelo.

Calcula el valor de cada una.

Te ayudo con un ejemplo:

$$\begin{array}{c} \boxed{5} + \boxed{3} + \boxed{6} = \boxed{14} \\ \swarrow \quad \searrow \\ \boxed{8} \end{array}$$

Inténtalo ahora tú:

Haz clic dentro de cada casilla antes de escribir.

$$\begin{array}{c} \boxed{} + \boxed{} + \boxed{} = \boxed{} \\ \swarrow \quad \searrow \\ \boxed{} \end{array}$$

$$\begin{array}{c} \boxed{} + \boxed{} + \boxed{} = \boxed{} \\ \swarrow \quad \searrow \\ \boxed{} \end{array}$$

$$\begin{array}{c} \boxed{} + \boxed{} + \boxed{} = \boxed{} \\ \swarrow \quad \searrow \\ \boxed{} \end{array}$$

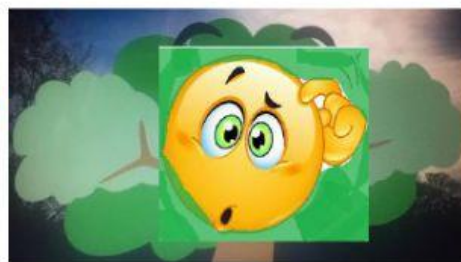

$$\begin{array}{c} \boxed{} + \boxed{} + \boxed{} = \boxed{} \\ \swarrow \quad \searrow \\ \boxed{} \end{array}$$

2 Douglas, el árbol, necesita ayuda con estos **retos matemáticos**. ¿Te animas?

Observa y calcula el valor de cada dibujo:

$$\text{Sun} + \text{Sun} + \text{Sun} = 9$$

$$\text{Sun} = \boxed{3}$$

$$\text{Star} + \text{Sun} + \text{Star} = 5$$

$$\text{Star} = \boxed{}$$

$$\text{Moon} + \text{Sun} + \text{Star} = 6$$

$$\text{Moon} = \boxed{}$$

$$\text{Heart} + \text{Heart} + \text{Heart} = 6$$

$$\text{Heart} = \boxed{}$$

$$\text{Hexagon} + \text{Heart} + \text{Heart} = 8$$

$$\text{Hexagon} = \boxed{}$$

$$\text{Hexagon} + \text{Triangle} + \text{Heart} = 9$$

$$\text{Triangle} = \boxed{}$$

$$\text{Cube} + \text{Cube} + \text{Cube} = 15$$

$$\text{Cube} = \boxed{}$$

$$\text{Book} + \text{Cube} + \text{Book} = 9$$

$$\text{Book} = \boxed{}$$

$$\text{Gift} + \text{Book} + \text{Cube} = 13$$

$$\text{Gift} = \boxed{}$$

$$\text{Soccer Ball} + \text{Soccer Ball} + \text{Soccer Ball} = 3$$

$$\text{Soccer Ball} = \boxed{}$$

$$\text{Basketball} + \text{Basketball} + \text{Soccer Ball} = 9$$

$$\text{Basketball} = \boxed{}$$

$$\text{Basketball} + \text{Basketball} + \text{Soccer Ball} = 10$$

$$\text{Basketball} = \boxed{}$$
