10 FAMOUS FAILURES TO SUCCESS STORIES

An exceptionally short-lived marriage had imploded, and I was jobless, a lone parent, and as poor as it is possible to be..

I didn't see it then, but it turned out that getting fired from Apple was the best thing that could have ever happened to me.

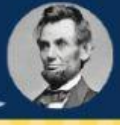

It's fine to celebrate success but it is more important to heed the lessons of failure.

Success is failure in progress.

My great concern is not whether you have failed, but whether you are content with your failure.

I've missed more than 9000 shots in my career. I've lost almost 300 games.

Even though I get older, what I do never gets old, and that's what I think keeps me hungry.

We don't look backwards for very long. We keep moving forward, opening up new doors.

If you hear a voice within you say 'you cannot paint,' then by all means paint, and that voice will be silenced.

We make up horros to help us cope with the real ones.

Can you name the success people above?
