HW

9.2 Created in God's Image

God created people in His image. There are several ways that people are God's image bearers. Use the words **creativity, fellowship, emotions, intelligence**, and **purpose** to complete the following article. When you are finished, reread the article.

When God created people in His image, He gave them many abilities that bear His image. God is interested in relationships, and He desires for His people to have _____ with one another. Another way people are God's image bearers is that they have a mind and _____. They are able to think about many things at once. They can understand history and consider the future. Also, people have the ability to make choices and respond to God's love.

God is a wonderfully creative God! He made the universe and all that is in it. When people make things, they are using their _____. Not only is God creative, but He rejoices over His children. Joy is one of God's feelings. People have feelings, or _____, too. However, unlike people's feelings, God's emotions are perfect. Everything God does is right.

God created people in His image, and He cares deeply for each person He has made. He has a plan for every person. God has a _____ for you too.
