Reading Comprehension 35

Read the four texts about these children´s hobbies

During the week, I like spending my free time at home. I am tired after work, so I sometimes relax in front of the TV for an hour or I read a book, and I always have a long bath. I never visit my family because they live in another country.

I also like playing the piano, so at weekends I always go to my best friend´s house and we practise with our band. We are lucky because his neighbours never complain!

Mike

I am very active and I love sports! Every morning I go jogging in the park near my house. Then, I catch my bike and go to work. I also like doing gymnastics, but I never do it because I work all week so I am always busy with work or very tired.

I also like climbing mountains. During my holidays, I always go to Mendoza to practise my hobby. I always go with my family and I sometimes go with my friends but my best friend Jess never comes because she doesn´t like climbing.

Angela

I love art. In my free time, I like painting and drawing. I like painting portraits, and I am very good at it. I also like writing short stories and I always choose my friends´ names for the main characters.

I also like playing chess and I always play with my brother. I sometimes play chess at competitions, but I never win.

Daniel

I like playing football and I play for a local team. I train a lot and I get very angry when we lose a game. Luckily, my team plays very well and we never lose. I also like fishing and gardening. I think they are very relaxing. I sometimes help my parents with the garden but we never go fishing because they don´t like it.
