

Division by counting hops

Use the number line to find the answers to these division sums.

Eg How many hops of 3 are needed to reach 12?

4

1. How many hops of 2 are needed to reach 10 ?

2. How many hops of 3 are needed to reach 9 ?

3. How many 4s make 12 ?

4. How many 3s make 12 ?

5. How many 5s make 20 ?

6. How many 2s make 14 ?

7. How many 4s make 20 ?

Division by counting hops

Use the number line to find the answers to these division sums.

0	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20
---	---	---	---	---	---	---	---	---	---	----	----	----	----	----	----	----	----	----	----	----

1. How many hops of 2 are needed to reach 8?

2. How many hops of 3 are needed to reach 12 ?

3. How many 4s make 16 ?

4. How many 3s make 6 ?

5. How many 5s make 15 ?

6. How many 2s make 16 ?

7. How many 4s make 4 ?

8. How many 10s make 20 ?
