Bad habits

Ed Sheran

Every time you she come around,
you know I can't don't say no
Every time the sun go goes down,
I let you take took control
I can feel the paradise before my your world implodes
And tonight has have something wonderful

My bad habits lead to late lights nights
endin' alone
Conversation with a stranger I barely love know
Swearin' this will be the last
but you it probably won't
I got nothin' left to lose, or use, or do does

Her My bad habits lead to wide eyes stare into space
And I know I'll lose control of on the things that I say
Yeah, I was lookin' for a an way out,
now I can't escape
Nothin' happens after twelve two, it's true, it's true
My bad habits lead to you

Ooh-ooh, ooh-ooh
My bad habits lead to you

Every pure intention ends when the good times start
Fallin' over everything to reach the second first time's spark
It started down under neon lights and then it all got dark
I only know how to go went too far
