Hello Paula, how are you? It's been a month since I last heard from you. Well I just wanted to tell you that I was in a hospital last week. According to the doctor I was infected by dengue fever.

OK, think that's all from me, write to me soon, ok?

At the hospital, I was brought into the emergency unit. The doctor immediately gave some treatments. Finally, I had to stay there for one week. Every day the doctor kept me on a drip. At the seventh day, my condition was getting better. After the final check, the doctor gave me permission to go home. Now, I'm okay and because of my illness, I am now more careful about keeping in my house clean especially my room. I don't want to get the same illness again.
